Hi Larry,

Got your v.m. but I'm under water trying to get some priority docs out today and tomorrow. If we can talk Wednesday that would be great. I'm not sure where we are on this either. Other than the redline I sent you around February 9th I don't think anything else has come out.

Let me know if Wednesday (other than 10-noon) works for you and I can set a time. Thanks so much.

Isabella

Hi Isabella,

I am attaching a draft MOU based on comments that we received from you and from comments that I received here at EPA. It is my understanding that DTSC is willing to oversee the Aerojet's work on OU-10 (Area 40) through completion of the Remedial Action. I have taken out any references concerning issuance of an order by DTSC. Please contact me if you have any questions.
